

**CANDIDATE FOR CITY COUNCIL MEMBER  
CITY OF TWENTYNINE PALMS**

**NAME: SHERRIE GIBSON**

**OCCUPATION: Veteran, Educator, Realtor**

I have a Bachelor's Degree in Political Science from California State University San Bernardino and I am a licensed California Real Estate Broker. I have lived in Twentynine Palms for eight years and I have watched the growth in the community. I firmly believe that business is an integral part of economic development for a community and we have an extraordinary opportunity to make our City a great destination location. Throughout the time that my family and I have resided here there have been many new businesses started in the city. However, we are still lacking the businesses that will capture the "everyday" consumer dollar.

If I am elected I will work hard to bring more support to the small businesses currently operating as well as encouraging new businesses to come to town. It is vital to the economic growth of our city that we establish new entities that will create revenue which stream into Twentynine Palms. This is the time to continue moving Twentynine Palms forward in a smart and conscientious manner. It is possible to have growth and still be mindful of our beautiful desert.
